Description

A lovely antique Edwardian chest of drawers in mahogany. This was made in England, it dates from around the 1900-1910 period. This is beautifully made and of excellent quality. It is a useful size, small to medium, with lots of storage space. It sits on splayed bracket feet, has original brass handles and a solid mahogany top. There are reeded canted corners on the front edges, the drawers are solid oak lined with fine hand cut dovetailed joints. We have recently had this re-polished, it is in excellent condition for its age. The colour tone is lovely and this has acquired a lovely patina over the years, with a few bumps and marks here and there beneath the polish. Width – 23 inches , 59 cm Depth – 18 inches , 46 cm Height – 30 inches , 76 cm
