Description

A 19thC bank of six drawers suitable for use on a desk top. Well made from mahogany the drawers are nicely dovetailed front and back. Each drawer has a brass military style flush ring pull to the front (top rhs has damage but still functions as a pull). The piece has been mistreated in the past some drawer fronts having drill cavities...these have been left as they form part of its history. The drawers run smoothly and the runners have been replaced where necessary. Overall a good colour and patina. 71cm wide 24cm deep and 25.5 cm high. Internally each drawer measures 32 cm wide 20 deep and 5.5 cm high.

Internal Ref: 25042
