

SA861143

Antique silver Omega pocket watch

Price

Sold**Item Reference: SA861143****Date of manufacture: 1910**

Description

Antique silver Omega pocket watch. The watch has a stem-winding movement which is working nicely. The movement is signed with the Omega name, and it is all protected by an inner cover which has the Omega name and also details of medals won. There is some unevenness to the inner cover. The watch measures 48mm diameter excluding the winding stem and the loop. The case is silver and the inside of the hinged case back has the early Omega logo. There is a scratch to the bezel and unevenness to the case back. The glass lens is in good condition, just a couple of small nibbles to the bevelled edge. The signed dial is in lovely condition. The watch comes in a new presentation box.
