Depth = 30 cm (11.8")

Description

Circa 1900-1910 a pair of good quality, solid brass lamps with original glass candle cups and drops. They weigh approximately 1.6kgs each and have been polished but not lacquered. Once candlesticks, they were converted to electricity some time ago and later the previous owner had them professionally rewired using flex cable and fitted with an online switch. They weren't used but kept in storage. The lamps measure 28.5cm in height to the top of the candle tube; the central column is 24cm and each base is 12cm in diameter. The width across the arms is 30cm. Postage and packing is included in the price for the UK mainland, and for remote areas or abroad please contact us for a delivery quote.
