Description

Art Deco Outfitter's Department Store Shop Display Shelf Units These are very impressive pieces, they are 2 freestanding units which originate from a stylish department store The tall racks each have 3 wire mesh shelves, the 2 higher shelves support 2 hanging rails underneath and both have a striking Crown cornice at the top The metal racks are gilded, much of which has now worn away leaving a look of shabby opulence, otherwise they are in good sound condition The Racks can be dismantled to aid transportation and have provision to be fixed to wall for ultimate rigidity and would work well both in a Shop or at Home in your dressing room When assembled the Shelf is 89" tall, 41" wide and 17" deep THT208
