Description

A beautiful set of six Victorian solid sterling silver buttons. They are all hallmarked for Birmingham 1900 with the maker's marks being WH. They have been beautifully made in two designs, one looking the right the other left, note one has spiky holly like foliage the other more flowing leaves so maybe they represent winter and summer. They are all in superb condition being free from dings splits holes and repairs. They measure almost 1 inch (2.3cms) across and have a combined weight of 22 grams. A very beautiful very high quality set.
