Description

A fabulous ice minimalist / modernist silver plated ice bucket, I believe in the Windsor pattern, designed c.1960 by the world famous Lino Sabatinni, the preeminent figure in modern Italian silver and metalware design. The inside is complete with the original removable drainer which sits on a ledge inside, any melt with drip to the underside to keep the ice dry and from clumping. The underside is fully marked for Christofle for it's Gallia Collection together with the chess mark flanked by O and C for Orfevriere Christofle. Just back from our silversmith's workshop where it has been professionally cleaned and polished, restoring it to it's former glory. Beautiful quality and condition measuring 7 1/2" handle to handle x 4 3/4" x 5 1/2" tall. Item: 43276 FREE Worldwide Registered Airmail Directly From the UK
