Description

Antique silver Waltham Marquis pocket watch. The watch has a stem-winding movement, Marquis grade, which is working nicely. The movement is fully signed and the serial number 17,469,327 dates it back to 1908. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the two case backs for Birmingham 1913 with a maker's mark for Aaron Dennison. The Dennison Watch Case Company made most of the cases for Waltham UK. Despite the discrepancy in dates between the movement and the hallmarks, everything looks just as it should, there is nothing to suggest the two are not original to each other. The glass lens is in lovely condition. The dial is in good condition too. Blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
