Description

This is a very nicely made Georgian library cabinet. Made from mahogany and in nice original condition. The only modern change is the silk pleats but you can't tell this unless viewed from inside. The design over the glass is fabulous and gives this piece a real country house elegance. There are adjustable shelves in both sections of the cabinet making it a very practical piece of furniture. Overall a very high quality piece of antique furniture. Height 212cm Width 158cm Depth 56cm Price includes UK mainland delivery
