Description

This is a particularly good quality chest of drawers. Late 18th century in date with a later artisan painted decoration in the traditional manner. The colour works so well with the black fossil marble top which looks to be original. Overall condition is very good. The marble has a few light scratches but that is it. The brass details are all original and the drawers all run smooth. Height 90cm Width 127cm Depth 59cm Price includes UK mainland delivery
