## Description

Gents 1969 Seiko wrist watch. The watch has 17-jewel hand-winding movement which is working nicely. The movement is signed with the Seiko name, along with the calibre number 6602B. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition, just light marking and a couple of scratches to the back where a tool has slipped in the past. The lens is in good condition. The signed dial is in its original finish with original dauphine shaped hands, seconds sweep and an early form of quickset date where the hands are repeatedly moved backwards and forwards between 12 midnight and 9.30pm. The watch comes on a stainless steel beads of rice style bracelet which currently fits a 19cm wrist although it could be made about 1.5cm smaller. The watch comes in a new presentation box.
