Dimensions

Height = 108 cm (42.5")

Width = 59 cm (23.2")

Depth = 65 cm (25.6")

Description

A late 19th century antique beech and elm Windsor armchair. The antique Windsor armchair has a slat or lathe back and shaped arms with turned upright supports. The solid elm seat has a lovely grain pattern. The armchair is raised on four turned legs with a H stretcher support. Item Ref; M-3051 . DIMENSIONS: Height – 108cm / Width – 59cm / Depth – 65cm / Seat Height – 40cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including some age-related marks to the seat and arms (pictured). There is a shake/twist to the seat which, in our opinion, adds to the character. The Windsor armchair is structurally solid and sound with good tight joints. Finished with a fresh coat of natural wax. Our carpenter inspects, repairs, and restores our items, so you can have full confidence that what you buy from us is ready for your home! We ask that you take the time to look at all the photos as they form part of the description and condition report of the item. .

Internal Ref: M-3051
