Description

C18th Chinese huanghuali rectangular low 'Kang' table of earlier Ming period design. Uncomplicated and sophisticated design Chinese Qing period low Kang table raised on square-section supports with subtly carved hoof feet. The well-figured waisted top with an inset 'floating panel' with a mitred corner frame and cleated peg construction. The edges of the shaped frieze frame of the table with gently-moulded or beaded edges. The underside with a central lateral stretcher support, with shadow marks from two lacking bars. Superb quality well-chosen, dense grade of timber. In excellent original condition with a rich original colour, patina and surface. Minor shrinkage crack to the panelled top, minor aged-related crack to frame above one leg. Provenance: private collection of an Oxfordshire countryhouse. H 15" W 34" D 17" China c.1750

Internal Ref: ML 221
