Description

Circa 1910-1920 a pair of heavy and well made table lamps that may once have been candlesticks with triangular shaped bases. They measure 29cm in total in height, the feet are approximately 1.5cm apart. The thickness of the brass can be seen in photo 4. They weigh about 0.7kgs each, and have been professionally rewired and PAT tested, and there's no signs of damage or repair on either. Postage and packing is included in the price for the UK mainland only and for remote areas or abroad please contact us for a delivery quote.
