## Description

A fine 4 glass mantle clock, the eight day movement striking the hours and half hours on a coiled gong, giving a lovely mellow sound. This clock is in totally original condition, without any losses or additions. The case has survived over 100 years without damage, and the enamel remains vibrant. This is one of the sought-after models with a bow front bevel edged glass door, and the original mercurial pendulum further inset with enamel. The movement is in first class condition, as is the whole clock. This would make a fine addition to a collection, or simply as a most decorative clock for a fine home.
