Dimensions

Height = 30 cm (11.8")

Width = 25 cm (9.8")

Depth = 5 cm (2.0")

Description

A very lovely diamond and sapphire cluster ring from the 1970s. Set with seven bright and white eight cut diamonds and six baguette cut sapphires in a hexagonal shaped cluster. The vintage head of the ring sits on a rather splendid piece of modern ring technology. Superfit (or CLIQ, as the company is now known) is a hinged mechanism which allows the shank to go over a swollen or damaged knuckle. It's fully secure and closes with an auditable and satisfying click. Cut – Eight-cut diamonds and baguette cut sapphires. Colour – The diamonds are G to H. Clarity – The diamonds are SI1 to SI2. Carat – A total approximate diamond weight of 0.15 carat and an approximate sapphire weight of 0.48 carat. Circa – 1970. The shank mechanism is modern. Size – L (UK) or 5.5 (US) when the ring is closed. Cannot be resized. Measurements – The head of the ring is 10.8 x 9.9mm. Sits 6.9mm from the finger. Metal – The head of the ring is 18k white gold (tested). The shank is 14k white gold (stamped 14k and tested).
