Description

High quality compactum/combination wardrobe in Cuban mahogany of serpentine form with central arch top mirrored door. From the mid Victorian period this item almost certainly adorned a bedroom in a substantial country house originally. Fitted with very well made angled front linen slides & graduated drawer set. Designed in quite a compact width for the period, this is probably the best quality wardrobe that I have personally been privileged to offer for sale. Dismantles into 6 main parts for transport, evident quality craftsmanship. Later wallpapered interior needs attention or replacement to personal taste.
