Description

Antique 1920s Record stem winding pocket watch. The watch has a signed Swiss 15-jewel movement, with two adjustments, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company, a prolific Birmingham based case maker who supplied various watch manufacturers with cases. The case is in good condition. The glass lens is in nice condition. The dial is in nice condition too and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
