

SA870736

1920s Swiss pocket watch

Price

Sold**Item Reference: SA870736****Date of manufacture: 1920**

Description

1920s Swiss pocket watch. The watch has a 15-jewel, stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company, a prolific producer of cases for various watch manufacturers. It is in nice condition with only light surface marking, nothing too serious at all. The acrylic lens is in nice condition. The white enamel dial has a hairline crack between 9 and 11, and a small scratch just above the centre. Original blued steel hands. The watch will be sent in a new presentation box.
