Description

A good set of six beech and elm 19th century farmhouse kitchen chairs. The farmhouse kitchen chairs have a slat back, with a solid elm seat. The chairs are raised on four turned legs, with straight H stretcher supports. A particularly good example of their kind. Item Ref; M-3549 . DIMENSIONS: Height – 88.5cm / Width – 46cm / Depth – 50cm / Seat Height - 45cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks to the legs, and fading to some of the seats and slat backs (pictured). The farmhouse kitchen chairs remain structurally solid and sound, with good tight joints. There is evidence of historic woodworm in one of the chairs, however this is now long gone and has been fully treated as a precaution. Overall, a great set of antique farmhouse kitchen chairs.
