A beautiful and elegant set of three nesting tables in walnut. These were made in England, they date from around the 1920-1930's period. They are very well made and are of excellent quality. There is intricate floral carving on the top corners, the knees are shell carved and the cabriole legs have an elegant yet sturdy design. The colour and patina are gorgeous, these have amazing burr walnut grain patterns on the tops. We have just had these re-polished, they are in excellent condition for their age.
