Description

A stylish and elegant antique Edwardian kidney shaped desk in mahogany. This was made in England, it dates from the 1900-1910 period. The quality is fantastic, this is beautifully designed and looks great from all angles. The top has a striking kidney shape and has a inset green leather top that contrasts beautifully with the mahogany. The leather is hand coloured and gold tooled. The tapered yet elegant legs are sturdy and sit on original brass casters. The mahogany has a gorgeous colour and patina, with lovely grain patterns. We have recently had this re-polished, it is in excellent condition for its age. Width – 40 inches , 101 cm Depth – 19 inches , 49 cm Height – 30 inches , 76 cm Knee height – 24 inches , 61 cm
