Date of manufacture: 1870

Dimensions

Height = 180 cm (70.9")

Width = 140 cm (55.1")

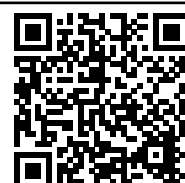

Description

Woven with a field full of 'boteh' on a midnight blue background, the colours really pop when you get up close. Handle is stiff and sharp, hard to fold, as the best and earliest seen kilos are. Glorious natural dyes, super fine weave and in excellent original condition, just one small bite out of one end.
