Antique silver Omega pocket watch

Price

Sold**Item Reference: SA873503****Date of manufacture: 1920**

Description

Antique silver Omega pocket watch. The watch has a stem-winding movement which is working nicely. The movement is signed with the Omega name, and the serial number 5314799 dates it back to around 1920. The movement is protected by an inner hinged cover which is signed with the Omega name and has depictions of medals. The watch measures 48mm diameter excluding the winding stem and the loop. The case is silver and there are Continental hallmarks inside the two case backs for 800 silver. Overall, the case is in good condition, a little unevenness to the sides and some fairly gentle unevenness to the back but not too serious. The glass lens is in lovely condition. The black dial has a little marking but nothing serious at all. The watch comes in a new presentation box.
