

SA874067

Antique 1920s Pluto stem winding pocket watch.

Price

Sold

Item Reference: SA874067

Date of manufacture: 1920

Description

Antique 1920s Pluto stem winding pocket watch. The watch has a 15 jewel Swiss stem-winding movement, signed Pluto, which is working nicely. The movement is protected by an inner hinged cover which has some scratching where it has been opened in the past. The watch measures 50.6mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison watch case company. The case has light surface marking from use and some light wear to the inner cover but otherwise the case is in nice condition. The watch has a glass lens which is in lovely condition. The double sunk dial is in nice condition. The watch has blued steel hands. The watch comes in a new presentation box.
