Description

Gents 1950s Astin wrist watch. The watch has a Swiss 17-jewel hand-winding movement which is working nicely. The watch is a good size at 34mm diameter excluding the winding crown and the lugs. The main body of the case is chrome plated while the case back is stainless steel. The case is in good condition, just light marking, nothing too serious at all. The lens is in lovely condition. The dial is signed with the name Astin, a brand name registered by Astin Watch Co of La Chaux-de-Fonds, Switzerland, in 1944. The dial is in very nice condition and it has its original hands, seconds sweep with red pointer end and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
