Description

For your consideration is this great example of a Modernist Art Deco Swiss 8 Day Mantle clock - Swiss Made. Features a thick crescent of yellow glass which is supported on a chrome and Onyx base. The dial of the clock displays highly stylized modernist numerals. Condition is very good, there is some chrome loss to the back of the clocks movement * see pics*. The remainder of the clock as good as one could hope for from a clock this age. As clocks go this particular one is deceptively heavy, even your four legged friends would be hard pushed to knock this gem over. We've had this rare time piece professionally serviced and so comes to you in very good working condition. FREE UK mainland delivery
