Date of manufacture: 1800

Dimensions

Height = 30 cm (11.8")

Width = 10.5 cm (4.1")

Depth = 10.5 cm (4.1")

Description

A splendid and tall pair of early 19thC graduated brass candlesticks c1820. They are made in a classic design with square chamfered bases, graduated ring turned shaped stems and fixed sconces. Underneath the original pushers are present, for pushing up the candle stubs, and one of these works but the other is, not surprisingly given the age, is stuck. Recently polished up, they are an impressive pair in great condition.
