Description

A small but exquisite jewel, this is a George V era Scottish silver mounted agate brooch in the shape and design of a dirk. The agate is in perfect condition. The silver pommel is bright cut in a lattice and another detail is the curved silver hand shield. The back is initialled J.N.G.O and dated 22.6.1918. There is no hallmark but it would have been made c 1918 or a bit earlier. Further initials JMS appear beneath, possibly this was the gifted. Small is beautiful!
