

SA877287

Antique Swiss full hunter pocket watch

Price

Sold**Item Reference: SA877287****Date of manufacture: 1930**

Description

Antique Swiss full hunter pocket watch. The watch has a high grade 21-jewel stem-winding movement which is working nicely. The plates have an unusual two tone finish, trellis patterning to the centre and screw set jewels. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding crown and the loop. The case is gold plated, it has minor marking, nothing too serious. The winding crown pushes in to release the front cover which you then need hinge open. Inside, there is a glass lens which is in lovely condition. The double sunk dial has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
