Description

A fine example of an antique deep buttoned leather Chesterfield sofa. This was made in England, it dates from around the 1930's. The quality is amazing, this would have been hand made to the highest standards. It has a very generous seating area and is very deep. The back and seat are well sprung, this is very comfortable to relax in. The condition is excellent for its age, we have had the leather hand coloured and revived to give this stunning colour and patina, so it's full off character & charm. The turned solid wood bun feet sit on original brass casters, and the leather is brass tacked around the back edges. The condition is excellent for its age, with only some minor surface wear here and there. Width - 79 inches , 200 cm Depth - 38 inches , 95 cm Height - 29 inches , 72 cm Seat height - 17 inches , 43 cm
