Description

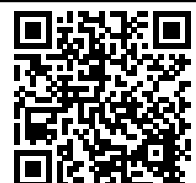

A lovely and very unusual antique mahogany corner cabinet, with a gate leg drop leaf table built in. This was made in England, it dates from around 1900 period. The quality is excellent and this is a very useful piece. The upper locking cabinet has beautiful astral glazing on the doors, and has the original blue felt lining. The drop leaf table opens out to a demi lune shape, perfect for writing letters or more appropriately these days, working on a laptop! The condition is excellent for its age, we have given it a clean and wax polish, there is just some minor age related wear here and there. The blue felt interior has some surface wear, but is generally in good order with no real damage to be seen.
