Description

An absolutely stunning original Art Deco period coffee table in burr walnut. This was made in England, it dates from the 1930's. The quality is superb, this is so well made with a really beautiful and useful design. The circular top has the most amazing book matched burr walnut grain patterns, and so does the lower tier of the table. The legs are broad and have lovely grooves running down the edges. This has a gorgeous, rich colour and wonderful patina. We have had this stripped and re-polished to a very high standard, the condition is immaculate throughout.
