Description

A fantastic pair of antique walnut side tables. These were made in England & date from around the 1900-1920's period. The quality is superb, they are extremely well made with beautiful original brass handles, lovely walnut grain patterns and amazing hand cut dovetailed joints in the drawers. The legs are beautifully turned and splay out at the bottoms, the tops also have cross banded edges. These tables are a very useful size and would be perfect for use as bedside tables or even as side tables in the lounge. The backs are nicely polished, so these can be used as free standing items. We have recently had these fully re-polished, the condition is excellent for their age. There is just some extremely minor wear remaining beneath the polish, these have a wonderful colour tone and patina. Width - 20 inches , 51 cm Depth - 15 inches , 37 cm Height - 26 inches , 66 cm
