Description

Edwardian Mahogany 2 Tier Lamp Table. A charming small table. This is a marvellous example of a Edwardian 2 tier Mahogany occasional table believed to be made around C1900. The table features a beautiful deep rich Mahogany colour and French polished finish with patina. This table has slender tapering legs and a lower shelf with Boxwood inlays and stringings throughout. This delicately elegant table is all original, with no joint movement and would look fantastic in most room sets. The tops have their original lovely highly polished french polished finish are flat and not twisted. There is an area on the top where the polish is slightly imperfect, however, is it not very noticeable and is shown in the pictures. We have cleaned and waxed this lovely table to give a natural shine and enhance the french polished finish. Please note; Being an antique item of this age there are obviously marks, scratches and dents however, we feel that these points are which adds to its charm and character. We have left it untouched and as it came in from the previous owner apart from just cleaning and waxing this item. Also note; items placed on or around the table are not included ...
