## Description

An inexpensive, practical and usable George III oak dresser base. . This dresser has a good colour and original timbers including the twin planked top. It is completely sound and very usable. The drawers retain their original oak linings and the cupboard its original oak shelf. . The dresser backboards have however been replaced at some point and the crossbanded drawers have some small losses and restorations. The handles are very old but not original and the dresser has a number of marks and dents consistent with age and use and is priced to reflect these faults. . Because of its narrow depth and good colour it would fit very neatly in a hallway or bedroom and is sturdy, heavy, functional and looks very handsome. . . Dimensions are: . 66 inches long, 16 inches deep and 31.5 inches high. . For metric please multiply by 2.5
