Sold**Item Reference: SA880232****Date of manufacture: 1950**

Description

Gents 1950s Roamer wrist watch. The watch has a hand-winding movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is stainless steel. The back of the watch has details about the watch including two brevet (patent) numbers which relate to the waterproof case but, as with any vintage watch, it should be kept away from water and moisture. The case has a couple of small indentations to the back and light surface marks but nothing too serious. The lens is in lovely condition. The signed dial is in its original finish with original hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes complete with Roamer presentation box and Roamer guarantee paper.
