## Description

This is a very handsome late 18th early 19th century refectory table. The top is totally original and has a great finish to it. The base is rustic and maybe a slightly later addition but works very well together and gives this table a very attractive presence in a room. The piece is a great size making it ideal as a dining table that could seat 10 people comfortably or if you had the space it would be a stunning console as it isn't too deep. It has new pegs which we have added but this means the whole piece stands solid when put together. Height 73cm Length 273cm Depth 75cm Price includes UK mainland delivery
