Description

A rather special basket shaped Jardiniere stand with a lovely carved top cabriole leg terminating in a French style foot. Although there are Edwardian basket shaped examples about, we do not recall in 40 years experience seeing a Victorian one like this with such an attractive leg and certainly not one in this original condition. One small knock and that is all the damage we could see. We have rewaxed this in our workshops to add a little extra lustre to the finish and that is all we felt that was needed. It looks great in a conservatory!. A rather special example and we suggest pretty much unrepeatable. Give us a call to discuss 01565 874075.
