Description

This is a solid little bedroom chair from the 1920s or 1930s. It is tidy and the wood is good with just a little reassuring light fade over the last century or thereabouts. The upholstery is sound but it has been dusty and would benefit from a recover in your own fabric choice. It has good detail in the back and sits on a neat cabriole leg. Seat height is 37cms so lower than a dining chair. Stunningly low price to allow a little for the recovering.
