Dimensions

Height = 119.5 cm (47.0")

Width = 80 cm (31.5")

Depth = 49 cm (19.3")

Description

A 19th century antique mahogany tilt top pillar table. The antique mahogany pillar table has a circular surface top, which is raised on a turned pedestal with a tripod base. Item Ref; M-3319 . DIMENSIONS: Height - 119.5cm / Surface Height - 72.5cm / Surface Top Diameter- 80cm / Depth - 49cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks, scratches and splits to the surface top (pictured). There is further wear to the base, including marks and fading to the feet, and a small repair (pictured). There is evidence of historic woodworm, however this is now long gone and has been fully treated as a precaution. The antique mahogany pillar table remains structurally intact, however the tilt top mechanism doesn't securely fix, making the table slightly wobbly when down, but overall still functional. Our carpenter inspects, repairs, and restores our items, so you can have full confidence that what you buy from us is ready for your home! We ask that you take the time to look at all the photos as they form part of the description and condition report of the item.

Internal Ref: M-3319
