Description

Antique 1910s Omega pocket watch. The watch has a stem-winding movement which is working well. The movement is signed with the Omega name. The movement is protected by an inner hinged cover. The watch measures 47.4mm diameter excluding the winding stem and the loop. The case is nickel and overall it is in good condition, just some minor marking from use. The inside of the case back has the early Omega logo. The glass lens is in nice condition. The white enamel dial has several very faint hairline cracks. The watch has its original rose gold coloured hands. The watch comes in a new presentation box.
