Price

**Sold****Item Reference: SA88227****Date of manufacture: 1900**

## Description

An exquisite letter opener sure to brighten up the grandest of desk-tops. The front panel has a wonderful panel of blue guilloche enamel over decorative engine turning. It is rather unusual with it's chunky and tactile pistol style tip on the end, which is hallmarked for Sheffield 1897. The sterling silver blade is where the hallmark can be found for Sheffield 1900. It is highly decorative, and as useful today as it ever was. Excellent condition, measuring 8 7/8" long. Item ID: 32270 ----- FREE Worldwide Registered Airmail Directly From London, England
