Description

A stunning antique photograph locket engraved on both sides, one with a hand-incised scrolling foliate design typical of the Victorian and Edwardian eras and a blank cartouche, the other with a riot of forget me nots. Either side can be worn to the front. One side of the locket is stamped 15CT BACK & FRONT - it's rare to find a 15-carat gold back and front locket (with both sides made from solid gold), they are almost always nine-carat. Both picture frame inserts and acetates are intact, ready for you to insert your own photos. In excellent antique condition. The locket opens at the side with a thumbnail and closes securely, the hinge and clasp are in good working order. Size: 3.8cm total drop, the locket measures 3.3 x 3cm. Weight: 4.2g. FREE INTERNATIONAL SHIPPING! NB: the chain pictured is for demonstration only and not included in the listing.
