Description

A good quality pine washstand dating from the early 20th Century. It stands on turned tapering legs and has a single drawer with brass art nouveau style handles. It has a raised shaped upstand with pretty blue and white tiles and a shaped lower shelf. It is in good condition and the pine has mellowed to a lovely warm colour. There are signs of age and use, some small marks on the top surface and a small old split in the lower shelf but no major damages or anything detrimental. It has been cleaned and gently polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers. Please get in touch for an accurate quote to your location.
