## Description

Gents Tissot Seastar PR516 wrist watch. The watch has a 17-jewel hand-winding movement, calibre 781-1, which is working nicely. This movement was in production from 1965 until 1972, and the serial number on this particular watch is 9894879 which tells us that it was made in 1967. The watch measures 34mm wide excluding the winding crown and 34mm high excluding the lugs. The case is stainless steel and it is in good condition, just general light surface marks, mainly to the back of the watch. Signed Tissot winding crown. The lens is in good condition. The signed dial has its original hands, seconds sweep and cross hair detail. A new leather strap has been fitted. The watch comes in a new presentation box.
