Date of manufacture: 1960

Description

Gents Omega wrist watch, 1964. The watch has an automatic movement, calibre 562, which is working nicely. The movement is fully signed and the serial number 21,845,032 dates it back to 1964. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition, just very minor marking. The inside of the case back is signed with the Omega logo and it has the case reference 162.009 which is correct for the calibre 562 movement. Omega winding crown. The lens is in good condition. The signed dial is in its original finish with original hands, seconds sweep and date display (initially set by moving the hands between midnight and 9pm until the desired date is reached). A new leather strap has been fitted. The watch comes in a new presentation box.
