Depth = 23 cm (9.1")

Description

Good clean early 19th century Scottish flame mahogany cased 8 day longcase clock in very good condition. The dial is not marked but almost certainly a Dundee made clock. The stunning flame mahogany case is in superb condition. Stands on small shaped bracket feet. The case with carved and turned quarter columns. The hood inlaid with boxwood and ebony stringing and rosewood with brass decorations to the top. The 8 day movement is original to the case and has a painted (4 seasons) dial. The clock has been fully serviced and is in perfect working order. Original weights and pendulum. Just a really nice example of an 1830's east coast Scottish longcase. SIZE; 19" wide by 9" deep by 84" high overall CIRCA; 1830
