Description

A fantastic antique mahogany military campaign chest of drawers. This was made in England, it dates from around the 1900-1910 period. The quality is superb, this is beautifully made from mahogany with lovely brass fixtures and an inset leather top. The leather top is gold tooled and hand coloured, there are also brass handles on the sides and this sits on bracket feet. The proportions are lovely, a good size with lots of storage space, yet not too deep from front to back, so is not too imposing. This has acquired a gorgeous colour and patina over the years. We have recently had it re-polished, the condition is excellent for its age. Width – 35 inches , 89 cm Depth – 17 inches , 43 cm Height – 40 inches , 100 cm
