Description

A wonderful vintage sapphire bracelet. The white gold wire mesh bracelet features a trio of slightly oval shaped cabochon sapphires displaying a glowing purplish blue. The stones are rubover set and mounted within individual white gold boxes. Because the bracelet features a concealed clasp, and because the sapphires set equidistant from each other, means there is not "top" or "bottom" to this bracelet – making it as practical as it is beautiful. Accompanied by a sapphire report from Gemmological Certification Services (GCS) stating the sapphire shows no indication of heating, and is Sri Lankan (Ceylon) in origin. Cut – Oval cabochon cuts. Carat – A total approximate sapphire weight of 19.50. Circa – 1960. Measurements – 18cm long (7 inches). The bracelet is 12.8mm at the widest point. Metal – 18k white gold. Tested.
